Tony was a pioneer in Tattooing on the Greater North Shore. Many studied under him. And he was a drummer/musician.

Riding was another of Tony's passions. Despite an eariler accident causing the loss of his right leg, within six months of rehab he was back riding. Early in January of 2008, Tony died while riding in Florida. In January 2008, we buried Tony in frozen ground.

This September 27, 2009, his family, friends, co-tattooist, fellow musicians, riders, and the Survivor's Fund will honor Tony and his life with a motorcycle and car funeral procession through his hometown, Peabody. Join us, share your memories honoring Tony!

Co-sponsored by the Massachusetts Motorcyclists Survivor's Fund, Inc. (MMSF), Law Offices of Joseph S. Provanzano, Peabody, Witch City Cycles, and Tony's Mom, Carol, and sisters Heidi and Penny, and TONS of his Friends.
