From Joanne Leach:

Please come out July 30 to the Knights of Columbus and share in this Ride and Event in memory of Bill, and let us thank you as you contribute to the Survivors Fund. The Fund was there to help us, and we want to meet all the riders who contribute to this Fund.

Like a lot of people we've met since his death, Bill, a US Army Veteran, was a friend to all, and would go out of his way to help anyone. He always had a smile on his face and just loved life and our family. He was a great Husband, a Son, and a great Dad, who loved coaching softball on the Burnham Road fields.

I know Bill will hear us all and cast a BIG SMILE down on all of us. He'd be proud of Amanda graduating college now and Melissa, earning a degree in Massage Therapy. We miss Bill terribly. We want this 3rd Annual Ride in his memory to help remind drivers that motorcycles are back out on the roads and that they should "check twice."
